## Independent auditor's report on the review of condensed interim financial statements

To the shareholders of Nayifat Finance Company (A Saudi Joint Stock Company)

### Introduction

We have reviewed the accompanying 30 June 2023 condensed interim financial statements of Nayifat Finance Company (the "Company"), which comprises:

- the condensed statement of financial position as at 30 June 2023;
- the condensed statement of comprehensive income for the three-month and six-month period ended 30 June 2023;
- the condensed statement of changes in equity for the six-month period ended 30 June 2023;
- the condensed statement of cash flows for the six-month period ended 30 June 2023; and
- the notes to the condensed interim financial statements.

Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

### Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" that is endorsed in the Kingdom of Saudi Arabia. A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2023 condensed interim financial statements of the Company are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia.

**1. GENERAL INFORMATION**

Nayifat Finance Company (the “Company”) is a joint stock company under Commercial Registration (“CR”) number 1010176451 issued in Riyadh on 9 Jumad al-Thani 1431H (corresponding to 23 May 2010). As per the SAMA (“Saudi Central Bank”) license no. 5/AS/201312 renewed on 23 Dhu'l-Hijjah 1439H (corresponding to 3 September 2018), expiring on 26 Safar 1445H (corresponding to 12 September 2023), the Company is authorized to provide lease finance, consumer finance, small and medium enterprise finance and credit cards finance in the Kingdom of Saudi Arabia.

The Company’s registered office is located in Riyadh at the following address:

Nayifat Finance Company  
7633 Al Ulaya – Al Woroud Dist.  
Unit no. 1555  
Riyadh 12253 - 2105  
Kingdom of Saudi Arabia

**2. BASIS OF PREPARATION**

2.1 These condensed interim financial statements of the Company have been prepared in accordance with International Accounting Standard – 34 ‘*Interim Financial Reporting*’ (“IAS 34”) that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (“SOCPA”).

The assets and liabilities in the condensed statement of financial position are presented in order of liquidity.

2.2 These condensed interim financial statements do not include all information and disclosures required for a complete set of financial statements and should be read in conjunction with the Company’s last annual audited financial statements as at and for the year ended 31 December 2022.

2.3 These condensed interim financial statements have been prepared on a going concern basis under the historical cost convention except for equity investments measured at fair value through OCI which are carried at fair value. Further, provision for employees’ end of service benefits is measured at present value of defined benefit obligation using the Projected Unit Credit Method.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting and risk management policies adopted in the preparation of these condensed interim financial statements are consistent with those used in the preparation of the last annual audited financial statements for the year ended 31 December 2022.

**NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (UNAUDITED)  
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023**

(All amounts in Saudi Riyals in thousand unless otherwise stated)

**4. IMPACT OF CHANGES IN ACCOUNTING POLICIES DUE TO ADOPTION OF NEW STANDARDS**

*Standards, interpretations and amendments effective during the year*

New accounting standards, interpretations and amendments to existing accounting standards effective from 1 January 2023 and onwards do not have any significant effect on the Company's condensed interim financial statements.

*Standards, interpretations and amendments not yet effective*

The International Accounting Standard Board (IASB) has issued a number of accounting standards, interpretations and amendments, which are effective from periods beginning on or after 1 January 2024. The management has assessed that the amendments will have no significant impact on the Company's condensed interim financial statements. The Company has not early adopted any new standards, interpretation or amendments that have been issued but which are not yet effective.

**5. USE OF JUDGEMENTS AND ESTIMATES**

The preparation of condensed interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these condensed interim financial statements, the significant judgements made by management in applying the accounting policies and the key sources of estimation uncertainty were the same as those that were applied to the annual audited financial statements as at and for the year ended 31 December 2022.

The management has concluded that the critical accounting judgements, estimates and assumptions remain appropriate under the current circumstances and there are no changes to the significant judgements and estimates disclosed in the annual audited financial statements for the year ended 31 December 2022.

**8. ISLAMIC FINANCING RECEIVABLES - NET (CONTINUED)**

**8.6 Assignment of Islamic financing receivables**

The Company assigned Islamic financing receivables amounting to SR 0.6 billion (31 December 2022: SR 0.7 billion) to local commercial banks for obtaining Islamic bank financing. The carrying amount of associated Islamic bank financing amounts to SR 0.8 billion (31 December 2022: SR 0.6 billion). These Islamic financing receivables have not been derecognized from the condensed statement of financial position as the Company retains substantially all the related risks and rewards, primarily credit risk. The Company is liable for the repayments of their assigned receivables to local commercial banks in case of customer default. The amount received on assignment of Islamic financing receivables has been recognized as Islamic bank financing in the condensed statement of financial position. Pursuant to the terms of the transfer agreement, the Company is not allowed to re-pledge those receivables and the financial institution lenders have recourse only to the receivables in the event the Company defaults against its obligations. The carrying value of these receivables and the liability is approximate to its fair value.

**8.7 Amounts written off still subject to enforcement activity**

As of 30 June 2023, the receivables amount written off still subject to enforcement activity is SR 140 million (31 December 2022: SR 115 million).

**17. FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The fair value of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The fair values of financial assets and financial liabilities that are traded in active markets are based on quoted market prices or dealer price quotations. For all other financial instruments, the Company determines fair values valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (UNAUDITED)  
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023**

(All amounts in Saudi Riyals in thousand unless otherwise stated)

**17. FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES (CONTINUED)**

**Valuation models**

The Company measures fair values of financial assets and financial liabilities using the following fair value hierarchy, which reflects the significance of the inputs used in making the measurements.

Level 1: inputs that are quoted market prices (unadjusted) in active markets for identical instruments.

Level 2: inputs other than quoted prices included within Level 1 that are observable either directly (i.e. as prices) or indirectly (i.e. derived from prices). This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques in which all significant inputs are directly or indirectly observable from market data; and

Level 3: inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments for which significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

***Fair value information for financial instruments measured at fair value***

All financial assets and liabilities which are carried at fair value are of an insignificant amount.

***Fair value information for financial instruments not measured at fair value***

The fair value of Islamic financing receivables which is measured at amortized cost has been determined using expected cash flows discounted at relevant current effective profit rate for respective segment and is classified as level 3 as per fair value hierarchy. The fair value as at 30 June 2023 amounts to SR 1,853 million (31 December 2022: SR 1,676 million).

For all other financial assets and liabilities which are not measured at fair value, the Company has assessed that the carrying amount approximates their fair value due to their short-term nature and frequent re-pricing. Cash and cash equivalents and other balances with banks have been classified as level 1 while all remaining financial assets and liabilities have been determined using expected cash flows discounted at relevant current effective profit rate and are classified as level 3 as per the fair value hierarchy.

**18. OPERATING SEGMENTS**

Operating segments are identified based on internal reports about components of the Company that are regularly reviewed by the Company's Board of Directors in its function as the Chief Operating Decision Maker to allocate resources to segments and assess their performance. Performance of each segment is measured based on return from respective portfolio, as management believes that this indicator is the most relevant in evaluating the results of segments.

The Company's reportable segments are as follows:

- 1) Personal financing:** These relate to personal financing provided to retail segment.
- 2) SME financing:** These relate to financing provided to SMEs and HNWI's.
- 3) Islamic credit cards:** These relate to Islamic credit cards provided to retail customers.
